REASONS FOR ALLOWANCE

Claims 1-30 are allowed. The following is an Examiner's statement of reasons for allowance:

For example, independent claim 1 of the present application teaches a flash memory device wherein a memory array has primary and redundant memory cells and a redundant fuse circuitry which is used to replace the primary memory cell with the redundant memory cell, wherein the redundant fuse circuitry stores an error code indicating a type of defect in addition to the defect location. The foregoing limitations are not found in the prior arts of record. Particularly, none of the prior arts of record teach nor fairly suggest, "...the redundant fuse circuitry stores an error code indicating a type of defect in addition to the defect location" nor would it have been obvious to one of ordinary skill in the art without improper hindsight reasoning to make such modification.

Independent claims 8, 12, 17, 20, 24 and 28 include similar limitations of independent claim 1 and therefore are allowed for similar reasons.

Dependent claims 2-7, 9-11, 13-16, 18, 19, 21-23, 25-27 and 29-30 depend from allowable independent claims and inherently include limitations therein and therefore are allowed as well.
